Coal Production

- Coal production is 150,000 tons below expectations at Leninsk, south of Kemerovo. Comment: There is a Leninsk at 56°43'N, 37°32'E but this is probably not the one meant; Kemerovo is unlocated. In Karaganda (49°30'N, 73°30'E), 300 to 500 rail-
way cars per day too few are being loaded. Similar conditions prevail at Anzherko-Sardschenko (sic; unlocated). 50X1-HUM

Factories and Power Plants

- A subterranean electric power station has been built in Erivan (40°10'N, 44°32'E). It will make use of water from Lake Gekcha, which will be conducted underground into the works.
- Tank artillery and anti-tank weapons are being manufactured at the Molotov Factory in Gorki. Fifteen hundred PWs and 5,000 Russians are employed there. 50X1-HUM
- In Kharkov, 2,000 Germans are working on electric and diesel engines, some of which are for submarines. The tractor factory is producing T-34 tanks at the rate of ten per day. Comment: the locomotive factory of the Ministry of Transport Machinery was scheduled to produce diesel engines. For the Stalin Tractor Factory at Kharkov 50X1-HUM
- Tanks are being manufactured in Kalinin. 50X1-HUM

Forced Labor

- Thousands of women from Silesia and East Prussia are working in the coal mines at Sverdlovsk.
- Millions of forced laborers are being put to work in order to fulfill the production programs as nearly as possible. The most important forced labor camps are: 50X1-HUM

a. Soloyev Islands (sic) in Northern Russia.

Comment: Possibly Solovetski Island, 65°N, 36°E)
